

**BROOKLYN  
FRIENDS  
SCHOOL**

March 27, 2020

Dear BFS Community:

As I reflect about our current time and the days ahead, I have taken a moment to share some thoughts [in this video](#). We WILL navigate this moment in our history, and I know that because our spirit of community is real and necessary and alive. We WILL get through this TOGETHER. I know this because the heartbeat of our school, its Quaker core calls us to hold one another in Light and Love, now and always. I have been witness to this truth already many times over, and I know that I will continue to be witness to it in the time ahead.

Thank you for your grace and support.

In partnership and with gratitude,

Crissy Cáceres  
Head of School
