

**BROOKLYN
FRIENDS
SCHOOL**

12 March 2020

Dear Students and Families,

Please see my [2:37 video message](#) to launch Virtual School in the Upper School tomorrow, Friday 13 March at 9:00 am. Using the Student Schedule shared with students earlier this week, students will log in to Google Classroom Friday for a day of remote learning.

Students should reach out to our tech department at <http://techoffice@brooklynfriends.org> if they run into problems with technology. For any other issue, students should contact their grade-level dean.

My video message contains important remote learning expectations for students as well as my gratitude to you, to my colleagues throughout the school, and to Upper School teachers who have made an extraordinary effort to support students during this challenging time.

I hope that you can find peace during the spring break, and I look forward to connecting again soon!

Lisa Arrastia
Head of Upper School
